Actual team schedules will be handed out when we know the number of teams playing. Not all will play on every day noted above.

1. Rally Scoring will be used. Games are limited to 30 Minutes total or the best of 3 games using the rally scoring.
2. Each team will play two different teams each scheduled day and we will rotate so that everyone will play each team the same number of times depending on the number of teams that register to play.
3. Teams **should arrive 10 minutes** prior to their scheduled time so that we can start on time.
4. **Teams scheduled** at the **start** of the night are required to **help set up**. **Teams** scheduled at the **end of the night** are required to **help put all equipment away**.
