*Students and staff,*

*Pardon the interruption.*

*Yesterday, we observed an unthinkable and heartbreaking event in Waukesha. Many of you and our AHS families attended or are connected to those affected by the event.*

*As a statement of support to the Waukesha School District and the students and staff affected by the tragedy yesterday, tomorrow, instead of wearing flannel shirts, we are asking that any student who wants to show their support to wear black and red to support the Waukesha South Blackshirts, the school and student body most affected by yesterday's events.*

*At around 1:45, we will release students who are wearing black/red to the football field for a quick picture of unity to support Waukesha Strong. As peers of yours, it is important that we help in their healing*

*Thank you for your time.*
