

AHS TV APPLICATION

This will be a project-oriented class; you will be working as part of a team to produce the video yearbook and the weekly news and feature presentation, AHS – TV. As a member of this class you need to be dedicated and willing to spend a considerable time outside of class time shooting video for AHS – TV and the video yearbook. Thousands of people watch this production every week. What they see is a reflection on the school and its students and staff. We need people who will be dedicated members of a team, not just people who show up to class.
