DISCUSSION OF PRIORITIZING IDENTIFIED NEEDS WITHIN ACADEMIC AREAS, BUILDING CONDITIONS, AND SITE SAFETY CONDITIONS:

Ms. Donna Smith presented a slideshow to illustrate and explain the difference between traditional library space versus a more current, usable 'learning commons' space. Arrowhead's library spaces are one project being considered for renovation during a possible referendum.

During the remainder of the agenda item, Board members continued their discussion from the March 9, 2016, Special Board meeting regarding the prioritization of facility and site needs. Board members reached consensus regarding the projects on which broad-level pricing estimates should be obtained, to be used within the community survey.

Bill Foster from School Perceptions explained a community survey framework, process, and corresponding timeline. The Board discussed the educational, facility infrastructure, and site needs to be included in a survey designed to educate the community, as well as to solicit community input. The Board reached consensus on the framework for the survey. The Board will review the drafted final survey during the April 13, 2016, Special Board meeting.
