RESULTS PRESENTED FROM FACILITY PLANNING COMMUNITY SURVEY:

Bill Foster from School Perceptions, LLC presented a PowerPoint slide show reviewing the results of the survey. Approximately 3,370 people completed the survey, which is 20% of the population. Mr. Foster noted that surveys tend to have 15-20% participation rates, so Arrowhead's participation rate was strong. The survey results were shown in aggregate and also disaggregated by potential project, as well as by the demographics of the survey participants – staff, parents, and non-parents.

Results regarding the “base plan” of approximately \$45 million, respondents were split equally between likely to support (45%) and unlikely to support (45%) with 10% undecided. Major projects comprising the base plan where likely support was indicated were: Design Engineering Manufacturing Center, special education and student services areas, building infrastructure and emergency systems, and renovating classrooms/science labs. The “additional projects” tested within the survey did not receive majority support from the participants – new swimming pool, new theater/auditorium, expanded gymnasium at North Campus, and improving the land north of the current campus for athletic practice fields.

QUESTIONS, ANSWERS, CLARIFICATIONS REGARDING SURVEY DATA RESULTS:

Board members asked questions and made comments regarding the survey data. Next steps were discussed, including the Special Board meeting on Tuesday, June 14, 2016, at 6:00 p.m., to further discuss and prioritize the potential projects.

Moved by Zietlow, seconded by Langer to adjourn. Motion Carried.

The meeting adjourned at 5:35 p.m.

Respectfully submitted,

Laura Myrah
