B Day

Good Morning, Arrowhead High School!

The Arrowhead Earth Club would like to invite you to celebrate Earth Week with us beginning Monday, April 15th and finishing on Earth Day, April 22.

On Monday - Wear Green to show your support of OUR planet.
Tuesday bring in any used or damaged cell phones and recycle them in the bins located in the entryways at both campuses. Meet Earth Club at Centennial Park on Wednesday for a hike on the Ice Age trail and a picnic starting at 3:30pm. Thursday, donate any blue jeans you no longer wear. Donation bins are located in the entryways at both campuses. The jeans will be donated to Lake Country Caring. An oak tree give-away will take place immediately after school by the South Campus main entrance on Friday. Finally, we will green up the planet even more by giving away succulent plants. Please sign up to secure a free plant in the libraries at both campuses. Plants can be picked up on Earth Day.

Thank you for supporting Earth Club and our planet!
