The College Essay Workshop will help students understand what college admissions officers desire in a college essay. The workshop will focus on the principles of good writing, including the components of a compelling narrative. Students will plan, draft, write, share and receive feedback from multiple teachers and students. They will learn about creating an application with purpose and consistency through example essays and readings. This workshop is face to face **for seniors only**. Students need to supply their own device. Students who complete requirements and attend four sessions will receive a quarter credit. Students who are unable to attend all four sessions will not receive a quarter credit.
