“A” Day

The Word of the Week is sapient (**sāpēant**), an adjective meaning wise.

Join Book Club on Monday, January 15, after school in room 164 at North Campus. We will discuss "The Gentleman's Guide to Vice and Virtue" by Mackenzi Lee.

Two weeks to go until final exams! Sharpen those pencils, practice those math problems and get your math questions under control! Work with the SASS Math Tutors at North Campus to figure out your Math problems. Tutoring is available in the North Campus library on Tuesdays and Thursdays from 6:45am until the end of 10th hour. Make sure you sign out of study hall before working with a SASS Math Tutor.

January's theme of the month is "Be Here, Be Yourself" sponsored by the Gay Straight Alliance Club. Being on time every day is important and so is being true to yourself.

Want a say in this year's Prom Theme? Vote for your favorite choice anytime between today and Friday Jan 12th. The link can be found on the Arrowhead website or on the posters found around school.

Attention all boys interested in going out for track & field this spring. There will be a short informational meeting on Thursday, January 11th in the North Campus Junior Study Hall at 2:40pm. Important season dates, spirit wear information and training opportunities will be shared with athletes. If you have any questions, please contact Coach Herriot.
