

September Senior Homeroom

Welcome Back!

Review Summer 2018 Tasks

- Did you visit any 2 or 4 year colleges or schedule any visits for this fall?
 - Remember you can look at colleges on Career Cruising
- Did you start Senior Profile or college essays or resume?
- Did you have a job, or complete a volunteer experience or boot camp? How did that experience help you grow?
- Are you aware that FAFSA opens on October 1?

OBJECTIVES

1. Seniors will reflect on their high school experiences, build community in the group, and think ahead to challenges they may face as they transition away from AHS.
2. Seniors will be aware of upcoming post-secondary processes and deadlines.

2-Year Goal

- Where do you want to be? (What are your post-high goals & plans?)
- What steps do you need to know and complete to get there?
- Who can help you with feedback and guidance while you work towards your goal?

Timelines and Checklists

Take 5 minutes as a group to review August, Sept, Oct and Nov months on the Checklist.

Personal Reflection:

1. What have you already done? Check it off the list!
2. Can you identify 2-3 next steps for this month? October?
November?

Things students could do now:

1. Seniors could add dates to their online calendar
2. Seniors could create an account with parchment (directions on yellow sheet) if they haven't already
3. Continue discussions as needed

Each group should share out a
summary of how they used their time.

Managing your stress.....

Breaking down these tasks monthly will allow them to be more manageable (time management)

Use the resources provided and ask questions when needed (sense of responsibility)

Although the process is for you to work through and own, be aware of the people that are there to support you. (communication)
